Response to Final Office Action

Attorney's Docket No.: 06666-149001 / USC 3106

Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1. (Currently Amended) A targeted retroviral vector particle comprising a modified viral surface protein for targeting the vector to the extracellular matrix or tumor vasculature of a tumor, the modified viral surface protein comprising a von Willebrand factor collagen binding motif, and a cytokine gene, wherein the cytokine gene encodes GM-CSF[.]; and wherein the cells of the tumor transduced by the vector express GM-CSF, resulting in the recruitment of host mononuclear cells to the site of the tumor.
2. (Canceled)
3. (Original) The targeted retroviral particle of claim 1, wherein the modified viral surface protein is targeting the extracellular matrix.
- 4-8. (Canceled)
9. (Previously Presented) A pharmaceutical composition comprising the targeted retroviral vector of claim 1, wherein the pharmaceutical composition is for intravenous administration.
10. (Previously Presented) A method for treating cancer in a subject comprising administering to the subject an effective amount of the pharmaceutical composition of claim 9.
- 11-26. (Canceled)
